

Halloween Song

It's Halloween, the night is dark
The moon is in the sky.
We're going to play "Trick or Treat"
Wait! Did you hear the cry?

What was that? Did something move?
Perhaps it's just a dog
But can't you see two yellow eyes
Shining through the fog?

Shut the door and lock it too
Close the windows tight
It's Halloween, it's cold and dark
We're staying in tonight.
